

Privately Scheduled Webinars or Videoconferences

2-3 hour privately scheduled webinar or video conference. The OCNE team will work with you to identify what the audience in your region needs to hear about, and develop a webinar or videoconference (depending on technological resources in your location). The content of the webinar will be crafted based on your group's needs. \$1000/hr plus technology fees. Includes preconference discussion to plan for webinar, prep time, other conference materials such as bibliography and powerpoint slides.
