

# OCNE

Oregon Consortium for Nursing Education

## National Webinar Series

Two hour webinars begin at 7:00 am (Pacific Time) on the following dates:

### OCNE Overview

Thursday, January 14, 7-9 am

Join us for a discussion of how this innovative program started and what the important factors were that contributed to our successful collaboration. Hear an overview of major planning activities, the current curriculum design, and our ongoing project to transform clinical education.

### OCNE Curriculum Design

Thursday, February 11, 7-9 am

Hear about this innovative curriculum, developed to prepare the nurse for a new health care system. The curriculum is based on 10 competencies for nursing practice, integrating the new AACN Essentials and the OSEN Competencies. Teaching practices encouraged through OCNE draw from the emerging science of learning.

### OCNE Clinical Education Redesign

Thursday February 25, 7-9 am

OCNE faculty and clinical partners have collaborated to create a new model of clinical education – sorely needed in this era of limited clinical placements and demand for learning experiences outside traditional settings. The new model is currently being implemented on four OCNE campuses, and evaluated for its effectiveness on learning outcomes, staff nurse burden and student and faculty use of time.

### Webinar Registration & Cost

Register for OCNE Webinars by emailing Ann Delmar at [delmara@ohsu.edu](mailto:delmara@ohsu.edu).

The cost for each webinar is \$ 1000 per connection site.

Thank You for your interest in the OCNE!
